If the product has caught fire it will release dense black smoke. Avoid inhalation of fumes at all costs.

Extinguishing media: Carbon dioxide.

Section 7: Accidental release measure.

Not applicable.

Section 8: Handling and storage:

Handling: Do not handle if you suspect you may be allergic to latex.

Storage: Store in a cool dry place. Keep away from direct sunlight and heat sources and extreme temperatures.

Section 9: Exposure control and personal protection:

Exposure limit: Not applicable

Personal protection: Do not handle directly if you are allergic to latex. Ventilation: Not applicable.

Section 10: Stability and reactivity.

Conditions to avoid: Dry cleaning, direct heating and sunlight, contact with solvents and harsh chemicals such as strong acids, alkalis etc.

Incompatibles: Nil
Decomposition products: Nil
Hazardous polymerization: Nil

Section 11: Toxicology information.

Toxicity data: Nil
Carcinogen effect: Nil
Effect of overexposure: Nil
Chronic effects: Nil
Target organs: Nil
Medical conditions generally: Nil
Aggravated by exposure: Nil

Section 12: Ecology information.

Biodegradability: Natural rubber: Yes. Polyester yarn. No data.

Section 13: Disposal considerations.

Dispose of in accordance with your local, regional or national legislation or guidance.

Section 14: Transport information

No special requirements.

Section 15: Other information

Oeko-Tex Certification class 3 (III).

This data is provided based on our current experience, knowledge and data provided to us in good faith. The information is intended for guidance only and should not act as a warranty for the performance of the product. Suitability for any particular application is not guaranteed. If you are in any doubt whatsoever of the products suitability for your particular application you should conduct your own independent tests and evaluations prior to use or do not purchase.
